Support Measure SA

Change Story Text Size: [-] [+] [Default]

By Morgan Schulz
Santa Clarita

Posted: Oct. 29, 2008 9:01 p.m.
Updated: Dec. 31, 2008 5 a.m.

The vote for Measure SA will help our local schools stay at a level of excellence. This measure supports Santa Clarita Valley schools only. All students should get the learning opportunity they deserve. Measure SA will give students the opportunity to excel and learn within a more safe and secure learning environment.

To raise the money for Measure SA, the bonds that are issued will total \$300 million to help with fixing classrooms, technology, facilities, plumbing and any other projects that improve the safety of our schools and achievements of students.

All students deserve a safe school environment.

The measure would help add a high school in the Castaic area. Schools with less crowding and improved facilities produce students with higher overall test scores and rankings. Let's give every student the opportunity to be educated in a safe environment. Let's help all students in achieving their goals.
